WHAT LIGHT IS WORTH

Provisions of the Contract With the City.

TERMS OF THE AGREEMENT

The Full Text of the Document Soon to Be Signed by the Mayor and Clerk For East Liverpool, and the President and Manager For the Company.

So much has been said concerning the agreement between the city and the light company that it is given today in full for the first time. The contract follows:

"The said party of the first part hereby agrees to furnish for the purpose of lighting the streets, alleys and public places of said city, by electricity, using 85 arc lights of a standard power of 2,000 candles each light, and of the make of the General Electric company, or their equivalent, said lights to be located along such streets, alleys and such public places as the council or its duly authorized committee may from time to time designate.

"Said party of the first part, and its successors and assigns, shall furnish all posts, wires, materials and apparatus of any kind, together with all labor necessary to maintain said lights during the term of this contract. And it is agreed that each of said lights shall be left burning from dusk until daylight and during every night season of the year, and said lights shall be regular and of the best quality.

Said party of the first part further agrees that all lamps used shall be double carbon lamps, supplied with the adjustable hanger and swung by the cable system to 35 feet poles at such intersections of streets or alleys where located; the engine shall be first class in every respect, and of sufficient horse power to supply, at any and all times, one horse power, at least, for every 2,000 candle power arc light, exclusive of any and every other light or lights; and in order to more completely carry out the terms of this contract, said party of first part, the Ceramic City Light company, agrees to purchase and keep ready for immediate use, at any and all times, one extra 50 arc dynamo; that the manner of equipping as well as the materials used in it the same, not herein provided for, shall in all respects be similar to that required by the New York board of fire underwriters. The wires of the city fire alarm in all cases and under all circumstances shall have the right of way and shall in no way be interfered with by said party of the first part, its agents and employees.

"Said party of the first part shall save the second party harmless from all costs, expenses or damages incurred by said second party on account of any suit for alleged or actual infringements of patents upon electrical lamps, fixtures or apparatus furnished by said first party in carrying out the provisions of the contract. If at any time the city desires to furnish its own light it shall have the option of doing so after giving six months notice of such intention to purchase the plant and appliances of the Ceramic City Light company and paying therefor the actual cash valuation of the same as it shall be determined by three appraisers, one to be selected by the committee, one by the company, and they to select a third; all of said appraisers disinterested and competent; and said first party agrees that in case of the selling of the plant they will give the second party first option and opportunity of purchasing the same.

"It is mutually agreed as between the party of the first part and the party of the second part that if, after three years from the date of this contract, council decides there has been a substantial reduction in the cost of generating electricity for lighting purposes, the city shall have the right to have the price fixed by three disinterested arbitrators, one to be selected by the city, one by the company, and they to select a third, and their report shall fix the price for the coming three years, but the price as fixed by arbitrators is in no event to exceed the original contract price.

"It is mutually agreed as between the party of the first part and the party of the second part that if, after six years from the date of this contract, council decides there has been a further reduction in the cost of generating electricity for lighting purposes, the city shall have the right to have the price fixed by three disinterested arbitrators; one to be selected by the city, one by the company, and they to select a third, and their report shall fix the price for the last four years of this contract, but the price is in no event to exceed the original contract price.

original contract price. Said party of first part agrees to furnish 50 incandescent lights without charge.

"This contract is to continue and be in force for 10 years from March 1, 1897, the same to expire Feb. 28, 1907, unless dissolved by mutual consent, or in manner provided for by the contract; accidents by the elements excepted.

"In consideration whereof the said party of the second part agrees and hereby promises to pay said party of first part \$80 for each light in operation per year, payable monthly; and said city shall and hereby does agree to pay \$80 per year for each additional light ordered by the council of said city, subject to conditions hereinafter named.

"It is further agreed that the said party of the second part may add as many more lamps or lights as the council may from time to time order and determine, at any point in the city, on the present circuit or territory adjoining thereto, the same to be paid for at the rate of \$80 per year per light, provided that whenever five lights are added at any one time the price is to be reduced on the whole number of lights then in use to the amount as set forth and agreed to in the following schedule:

85 lights, 10 years, \$80 per light per year.
90 lights, 10 years, \$78 per light per year.
95 lights, 10 years, \$77 per light per year.
100 lights, 10 years, \$76 per light per year.

"It is further understood and agreed that the price charged to private consumers is not to exceed 75 cents per ampere hours, subject to a discount of 20 per cent, when paid on or before the 10th day of the month for each preceding month, and not to exceed \$5 per month for arc lights of 2,000 candle power, it being expressly understood that party of the second part does not hereby waive any rights it may now or in the future have to regulate by ordinance the price of light to private consumers. The party of the second part agrees to notify the company of any defective service that may be complained of as soon as the same comes to the attention of the mayor or police, but no deduction shall be made for trifling defects in said service; and lights now located and such as may hereafter be established shall be changed to such points as required by council; the expense of such change shall be paid by the party of the second part. It is understood that no service shall be paid for not rendered by said party of the first part."

The contract has not yet been signed, but that is a formality which will be passed through in a few days.

PITIALE, INDEED.

Was the Condition of the Case Family When They Lived at Clarkson.

CLARKSON, Dec. 24.—Charles Case, who was arrested at Roger for assaulting his wife, resided in this place for a month during the fall. The condition of the family would have been abject poverty had it not been for the Christian charity which met them on all sides. The moral condition of the family was most deplorable.

The family of Clark Shannon is severely afflicted. Mrs. Shannon has the diphtheria, and Florence, a bright little tot of five years, is ill with scarlet fever. As it is impossible to secure a nurse, Mr. Shannon is filling that position, assisted by Mrs. Elijah Moore.

Christmas will be observed at the Presbyterian church this evening by a tree and treat.

Not a candidate for the postoffice has yet appeared.

Miss Eva Huston is clerking in East Liverpool during the holidays.

TWO DAYS TOO LATE.

The Pledge Was Ready but the Attorney Was Delayed.

A strange story is told in connection with one of the most prominent attorneys in the city.

A few weeks ago his attention was drawn to the late Mrs. Hauck, and he became so interested in her that he asked if she had any desire to quit drinking. She replied that she would be only too glad to leave the stuff alone, and the gentleman promised to help her. It was agreed that he make out a pledge and she would sign it. A date was set, but he was very busy at that time, and the matter did not receive attention. Two days later it was brought forcibly to his notice by the announcement that Mrs. Hauck had been found dead.

One Unhappy Woman Was Given a Divorce.

A DISPUTE IN SALINEVILLE

Causes a Suit For \$10,000, and Another For \$1,000—It All Arose From the Trouble Over a Sinking Mine—Winding Up the Term.

LISBON, Dec. 24.—[Special.]—John Bissman, of Wellsville, was legally separated from Mary Bissman on grounds of wilful absence.

Mrs. Laura Jordan, the wife of Frank Jordan, a Cleveland insurance man, was given a divorce last night. Mrs. Carrie Brainard, of Cleveland, was named as correspondent. The suit asked for alimony.

A. J. McGaffie, who owns the land in which the Anderson shaft at Salineville is located, wants damages for injuries to the property through the sinking of the land a few years ago, and last evening sued the Ohio & Pennsylvania company for \$10,000. Twenty years ago he leased the coal under his farm to Lewis Bright, who agreed to work the mine in a proper manner. This lease was transferred to the Browns, and they to the Ohio & Pennsylvania company. They worked it several years. A few years ago the roof cracked and surface sank, permitting the creek to flood the mine.

A restraining order and \$1,000 is asked by McGaffie in another suit against the Big Vein company. Defendants are mining coal from under his farm, and six months ago sunk a shaft and built a power house for the purpose of conveying water from an adjoining farm. This was done against his protest.

Charles Case, the Rogers man indicted for assault, with intent to kill, was permitted to plead guilty to assault and battery, and got 30 days at Canton.

Before court adjourned last evening William McLaughlin, of Columbus, was arraigned, charged with forgery, and plead not guilty.

OUT ONE TURKEY.

Dawson Had One Turkey Which Was Too "Fly."

Dawson, the grocer, mourneth over the disappearance of a beautiful turkey, of the gentler sex. The genial grocer was attending to the wants of a patron this morning, expatiating in glowing terms over the charms of the aforesaid lady turkey, when the latter took advantage of careless handling and soared away to liberty, floating full and free, in graceful undulations, over the tops of the stacks of the adjoining potteries, and Dawson now chants, in mournful and heart-breaking tones of regret: "Though lost to sight, to memory dear." "Gone but not forgotten." Selah.

THE BROTHERHOOD FAIR.

It Was Opened With a Good Crowd at the Rink.

The Brotherhood fair opened last evening at the rink, with a very fair crowd present. Manley's band discoursed excellent music the entire evening. The rink is very beautifully decorated.

rated, and on every hand are found booths containing many useful and beautiful articles. The display of ware of superior quality was not complete last evening, but by this evening everything will be in readiness for the formal opening.

TREATED THE CHILDREN.

A Pleasant Event at the Grand This Afternoon.

The poor children of the city were delightfully entertained at the Grand this afternoon by the good women who make up the Women's Christian Temperance union. The auditorium was well filled, several hundred youngsters occupying the center block.

"Hail to Christmas" by the choir opened the entertainment, and Miss Margaret Baxter and Miss Emma James sang very well. A recitation by Miss Laura Geon followed, and Miss Maple gave a solo. Little Miss Hall captured the audience by a well rendered recitation, and the choir sang. The cantata, "Santa Claus Boys," was given in a manner which made the house ring with laughter and applause, and the distribution of toys and candies took place. It was a great event for the little ones and they enjoyed it. They were treated to more candy, toys and substantial gifts than many of them ever before saw outside a show window. The ladies who conceived and carried out the treat so successfully deserve great credit; but their smiling faces, as they saw the happiness of the children, plainly showed that they were rewarded.

HIS FEET WERE COLD.

But Trustee Beardmore Made Him Very Happy.

Trustee Beardmore walked into a shoe store yesterday afternoon accompanied by two shivering youngsters. One, a sturdy lad of no more than five years, was blue with cold, and his stockinged toes peeped from a dilapidated pair of shoes. The toes looked almost frozen, but the little fellow made no complaint. A few minutes later he might have been seen coming from the store, proud as a lord and his face beaming, while his feet were encased, through the kindness of the trustee, in a pair of substantial rubber boots.

ACCIDENTS.

Ham Robinson Had His Leg Broken While Coasting.

Ham Robinson, a 16 year old of Second street, was coasting on Broadway when he collided with a boy coming up the line. His leg was broken above the knees.

Mrs. Ella Wycoff, while carrying a bucket of ashes down the steps, at her home on Broadway this morning, slipped and fell. Although she and the ashes rolled down a long flight of steps, she was uninjured.

MR. TAYLER IN TOWN.

The Congressman Was Here on Private Business.

Hon. R. W. Tayler was in the city for a short time last evening, the guest of Homer Laughlin. Mr. Tayler was here on private business, and as soon as it could be finished, left for Washington, where he will spend the holidays.

Read It.

The full text of the light contract is printed on the first page of today's News Review. Read it, and you will not be long in finding the solid business sense which prompted council to adopt it. Verily it is a good thing for East Liverpool, and the cloven hoof of the single individual who fought against it is now fully exposed. Selah.

Services at St. Stephen's.

Christmas services will be conducted at St. Stephen's as follows:

First celebration of communion at 8:30 p. m.; morning prayer, short address and second celebration at 10:45. Subject of address, "The Beginning of the Gospel." All seats free. All welcome.

Pleasant Reception.

A very pleasant reception was held last evening at the home of Miss Lizzie Wilson in honor of Miss Emma Means, who returned today to her home in Allegheny.

Funeral of Mrs. Hauck.

The funeral of Mrs. Anne Hauck took place this afternoon at 2 o'clock, and was largely attended. Rev. O. S. Reed officiated. Interment was made at Riverview.

Postponed the Game.

The cold made it necessary to postpone the Jeannette-Rover foot ball game, and it will take place New Year. Tickets are good for that date.

Found.

Someone dropped a Christmas present on Broadway. Come to the News Review and describe it and take it.

ANOTHER PIONEER GONE

Edwin McDevitt Died Early This Morning.

HAD BEEN HERE MANY YEARS

He Was Among the Best Known Manufacturing Pottery of the City—Sketch of a Long and Useful Life in the Potting Industry.

Another of the pioneer potters of East Liverpool has gone to join the great majority, and one more death is added to the list already long.

The people of the city will hear with genuine regret that Edwin McDevitt, for many years a resident of the city and prominently connected with the California pottery, died at the home of his son, Peter McDevitt, Fourth street, at 8 o'clock this morning. A few weeks ago Mr. McDevitt was stricken with paralysis, and never rallied. Death came this morning, and was not unexpected.

Edwin McDevitt was born in Donegal, Ireland, in 1831, his parents being natives of the same country. There were nine children in the family. Mr. McDevitt received a limited education in the schools of his native town, and when 12 years of age went to Glasgow, where he served an apprenticeship of six years in a pottery. On becoming proficient in his trade he came to this country in 1854, and for a time resided in Boston. In 1859 he came to East Liverpool and took up a position with S. & W. Baggott, with whom he remained five years, and afterward spent several years in the employ of other firms. In March, 1868, in partnership with a number of others, he assisted in the erection of the California pottery, which was operated as a stock company for three years. Then Mr. McDevitt and Stephen Moore purchased the plant and have operated it since. Mr. McDevitt was married in 1866 to Margaret A. Lyons, of Boston, and six children were born to the union.

Mr. McDevitt was a good man, and his death deprives St. Aloysius church of one of its most earnest members.

This lease was transferred to the Browns, and they to the Ohio & Pennsylvania company. They worked it several years. A few years ago the roof cracked and surface sank, permitting the creek to flood the mine.

A restraining order and \$1,000 is asked by McGaffie in another suit against the Big Vein company. Defendants are mining coal from under his farm, and six months ago sunk a shaft and built a power house for the purpose of conveying water from an adjoining farm. This was done against his protest.

Charles Case, the Rogers man indicted for assault, with intent to kill, was permitted to plead guilty to assault and battery, and got 30 days at Canton.

Before court adjourned last evening William McLaughlin, of Columbus, was arraigned, charged with forgery, and pleaded not guilty.

OUT ONE TURKEY.

Dawson Had One Turkey Which Was Too "Fly."

Dawson, the grocer, mourneth over the disappearance of a beautiful turkey, of the gentler sex. The genial grocer was attending to the wants of a patron this morning, expatiating in glowing terms over the charms of the aforesaid lady turkey, when the latter took advantage of careless handling and soared away to liberty, floating full and free, in graceful undulations, over the tops of the stacks of the adjoining potteries, and Dawson now chants, in mournful and heart-breaking tones of regret: "Though lost to sight, to memory dear." "Gone but not forgotten." Selah.

Christmas services will be conducted at St. Stephen's as follows:

First celebration of communion at 8:30 p. m.; morning prayer, short address and second celebration at 10:45. Subject of address, "The Beginning of the Gospel." All seats free. All welcome.

Pleasant Reception.

A very pleasant reception was held last evening at the home of Miss Lizzie Wilson in honor of Miss Emma Means, who returned today to her home in Allegheny.

Funeral of Mrs. Hauck.

The funeral of Mrs. Anne Hauck took place this afternoon at 2 o'clock, and was largely attended. Rev. O. S. Reed officiated. Interment was made at Riverview.

Postponed the Game.

The cold made it necessary to postpone the Jeannette-Rover foot ball game, and it will take place New Year. Tickets are good for that date.

rated, and on every hand are found booths containing many useful and beautiful articles. The display of ware of superior quality was not complete last evening, but by this evening everything will be in readiness for the formal opening.

TREATED THE CHILDREN.

A Pleasant Event at the Grand This Afternoon.

The poor children of the city were delightfully entertained at the Grand this afternoon by the good women who make up the Women's Christian Temperance union. The auditorium was well filled, several hundred youngsters occupying the center block.

"Hail to Christmas" by the choir opened the entertainment, and Miss Margaret Baxter and Miss Emma James sang very well. A recitation by Miss Laura Geon followed, and Miss Maple gave a solo. Little Miss Hall captured the audience by a well rendered recitation, and the choir sang. The cantata, "Santa Claus Boys," was given in a manner which made the house ring with laughter and applause, and the distribution of toys and candies took place. It was a great event for the little ones and they enjoyed it. They were treated to more candy, toys and substantial gifts than many of them ever before saw outside a show window. The ladies who conceived and carried out the treat so successfully deserve great credit; but their smiling faces, as they saw the happiness of the children, plainly showed that they were rewarded.

HIS FEET WERE COLD.

But Trustee Beardmore Made Him Very Happy.

Trustee Beardmore walked into a shoe store yesterday afternoon accompanied by two shivering youngsters. One, a sturdy lad of no more than five years, was blue with cold, and his stockingless toes peeped from a dilapidated pair of shoes. The toes looked almost frozen, but the little fellow made no complaint. A few minutes later he might have been seen coming from the store, proud as a lord and his face beaming, while his feet were encased, through the kindness of the trustee, in a pair of substantial rubber boots.

ACCIDENTS.

Ham Robinson Had His Leg Broken While Coasting.

Ham Robinson, a 16 year old of Second street, was coasting on Broadway when he collided with a boy coming up the line. His leg was broken above the knee.

Mrs. Ella Wycoff, while carrying a bucket of ashes down the steps, at her home on Broadway this morning, slipped and fell. Although she and the ashes rolled down a long flight of steps, she was uninjured.

MR. TAYLER IN TOWN.

The Congressman Was Here on Private Business.

Hon. R. W. Tayler was in the city for a short time last evening, the guest of Homer Laughlin. Mr. Tayler was here on private business, and as soon as it could be finished, left for Washington, where he will spend the holidays.

Read It.

The full text of the light contract is printed on the first page of today's News Review. Read it, and you will not be long in finding the solid business sense which prompted council to adopt it. Verily it is a good thing for East Liverpool, and the cloven hoof of the single individual who fought against it is now fully exposed. Selah.

ANOTHER PIONEER GONE

Edwin McDevitt Died Early This Morning.

HAD BEEN HERE MANY YEARS

He Was Among the Best Known Manufacturing Potters of the City—Sketch of a Long and Useful Life in the Potting Industry.

Another of the pioneer potters of East Liverpool has gone to join the great majority, and one more death is added to the list already long.

The people of the city will hear with genuine regret that Edwin McDevitt, for many years a resident of the city and prominently connected with the California pottery, died at the home of his son, Peter McDevitt, Fourth street, at 3 o'clock this morning. A few weeks ago Mr. McDevitt was stricken with paralysis, and never rallied. Death came this morning, and was not unexpected.

Edwin McDevitt was born in Donogal, Ireland, in 1831, his parents being natives of the same country. There were nine children in the family. Mr. McDevitt received a limited education in the schools of his native town, and when 12 years of age went to Glasgow, where he served an apprenticeship of six years in a pottery. On becoming proficient in his trade he came to this country in 1854, and for a time resided in Boston. In 1859 he came to East Liverpool and took up a position with S. & W. Baggett, with whom he remained five years, and afterward spent several years in the employ of other firms. In March, 1868, in partnership with a number of others, he assisted in the erection of the California pottery, which was operated as a stock company for three years. Then Mr. McDevitt and Stephen Moore purchased the plant and have operated it since. Mr. McDevitt was married in 1856 to Margaret A. Lyons, of Boston, and six children were born to the union.

Mr. McDevitt was a good man, and his death deprives St. Aloysius church of one of its most earnest members.

EAST LIVERPOOL, O., THURSDAY, DEC. 24

THE NEWS REVIEW cordially wishes
its readers a very merry Christmas.

POOR New York. Richard Croker will
lead Tammany in the next battle.

AND now a correspondent sends word
from Cuba that Weyler is a kindly man,
tireless and active. What peculiar
views of kindness they must have on the
island.

It is sincerely hoped the Steubenville
Gazette, Salem Herald and Lisbon
Patriot will cease their task of sending
the country to the demeriton how wows
long enough to have a merry Christmas.

WHAT rejoicing there would be if Mr.
Cleveland had been replaced by Major
McKinley, and the Republican tariff
law was already in operation. Never
mind, that will be something to be
thankful for next Christmas.

ATTENTION is called to the contract be-
tween the city and the light company.
Read it carefully, and you will not be
long in finding what little ground Mr.
Stewart had for objection. Its good
features are many, and its bad features
few.

MR. STEWART seems to have missed
his calling when he became a statesman.
His position toward A. H. Clark's claim,
in which he would have all negotiations
end and the city bear the expense of a
suit, is in line with his position on the
light question.

THE Democrats are spending much of
their time pointing to bank failures and
drisively saying something about the
effect on business of Mr. McKinley's
election, forgetting that these troubles
are simply the result of their own perni-
cious system, and their own destructive
laws are still in operation.

THE proprietor of the "Sobbing
Maiden" must be haunted by Huckle's
ghost. Poor fellow. He will never for-
give Huckle for that joke on the
"Jimmy," as the "Burglar's" tool. How
the great audience did roar at Huckle's
happy hit, the laughter being long con-
tinued and the hand clapping lasting for
minutes.

THE Christmas tide, the happiest
season of the year, is at hand. Don't
take life too seriously for a few days.
Forgive your enemy, honor your friend,
and remember that in every part of the
civilized world humanity is better be-
cause this time of gladness and rejoicing
has become a firmly founded festival.

THAT "INFAMY" QUESTION.

When the question of "infamy" is on
deck, as so flippantly voiced by the
modest and bashful (?) member of
council, boasting himself the champion
of everything good, pure honest and
right, (God save the mark) then does
the excellency of Messrs. Purinton, Hor-
well, Marshall, Kent, Challis, Peake and
Ashbaugh stand forth, by way of com-
parison, as doth the brilliant sun against
a darkened background. Oh! most
doughty, valiant and self constituted
champion of the city's rights, associated
with a journal which never was known,
in all its history, to advocate anything
good, pure and true, thou dost prate and
protest too much about thine integrity,
and like unto the boaster of ancient
days, dost claim most of that of which
thou dost possess least. Selah.

A CORRESPONDENCE BY TELEPHONE WITH J. R. WARNER & CO., KING OF SHOE DEALERS.

SHOES! SHOES! SLIPPERS! SLIPPERS! Elegant Presents for Xmas.

CITIZEN: "Say, Warner, have you time to answer a few questions re-
specting the Shoe Trade? Hate to bother you in this busy season; but I
have a friend here from New York, engaged in writing up the condition of
the country, and he wants an answer as to the present condition of the
shoe trade"

WARNER: "All right old man. Must give you the news you desire in
a disconnected manner, between sales, and on the fly, as we are offering
such bargains that the inducements crowd my storeroom, and my large
force of clerks are kept on the jump. Excuse me a moment, here's a whole family on my hands. Must wait on
them, you know. See you again in a few minutes."

WARNER: "Here I am once more. Can't give you but a minute. Customers are crowding in. How's the
shoe trade, you say? Well, well, old man, if the rest of the shoe merchants in this blessed country are as busy as
we are, and if they love to hustle from away back, and glory in such a state of affairs, then indeed is Uncle Sam's
domain in the full tide of prosperity. You'll excuse me now, old fellow. More customers calling for me. Good
goods and low prices do the business. The people are good judges, and they have been packing my storeroom for
the past few days. Come and see me when you are in the city. Good bye."

And still the crowds keep rushing to Warner's. Good Goods and Low
Prices tell the story.

J. R. WARNER & CO., IN THE DIAMOND.

BRYAN'S ATLANTA VISIT.

He Lectured to About 3,000 and Was
Guest at a Breakfast.

ATLANTA, Dec. 24.—Mr. Bryan has
made his first appearance on the lecture
platform at the Grand Opera House.
The house, which seats 3,000 people,
was filled. Mr. Bryan was cheered
when he appeared on the stage. He
spoke for one hour on essential princi-
ples of good citizenship, presenting his
remarks under the title of the "Ancient
Land Marks." At the end hundreds
crowded around to shake his hand.

Mr. Bryan referred to the silver ques-
tion only incidentally.
Mr. Bryan was given a breakfast.
Speeches were made by Governor At-
kinson in behalf of the state, by Mayor
Kings of the city and by Mr. Jack J.
Spaulding. To these addresses Mr.
Bryan responded briefly, concluding
the set program. Repeated calls were
made for ex-Secretary Hoke Smith, who
was present in response to a special in-
vitation. Mr. Smith in acknowledging
the calls spoke pleasantly of Mr. Bryan
personally, while reiterating the dis-
agreement between them on the finan-
cial issue.

TWO WOMEN'S LONG WALK.

They Worked Their Way From Spokane
to New York.

NEW YORK, Dec. 24.—Mrs. H. Estby
and her daughter Clara, 17 years old,
the transcontinental pedestrians, have
completed the journey from Spokane,
Wash., to this city. They left the west-
ern city on May 5 on a wagon with a
New York woman that they could cross
the continent in less than seven months.
The conditions of the wagon were
that each of the women was to leave
town with only \$5 and earn their living
enroute. If any sickness befell either
the time consumed by it was to be sub-
tracted from the total time.

On the way across the continent they
worked at anything. They did house-
work, sewing and sold photographs of
themselves.

TONSILINE CURES SORE THROAT.

Read what a well-known Minister
writes about Tonsiline:

East Palestine, O., April 8, 1895.

The Tonsiline Co.:
I take pleasure in saying that we have
used Tonsiline in the family for ulcerated
sore throat, and it not only seemed to pre-
vent the attack from being so severe as
formerly, but cured the throat completely in
a very few days. When any one of us has
sore throat of any kind, the rush is for the
Tonsiline bottle, and that is the last of it.
It is certainly a most excellent remedy.
Yours very truly,
D. F. DICKSON.

TONSILINE SHOULD BE IN EVERY HOME.

Sore Mouth, Croup and Quinsy are quickly
cured by Tonsiline.

YET URGES AUTONOMY.

The Administration Continues
Its Course Regarding Cuba.

WILL IGNORE CONGRESS' ACTION.

Spain Willing to Grant Home Rule, but
Insists Only Disastrous Defeat Will
Bring the Rebels to Terms—Hoar Op-
poses Cameron Resolution.

WASHINGTON, Dec. 24.—Whatever
course congress may finally take with
respect to the Cameron resolution, the
insistent efforts of the present adminis-
tration at least, will continue to be ex-
erted in behalf of an autonomous gov-
ernment for the Cubans. During the
correspondence between this govern-
ment and Spain, the Canadian system
has repeatedly been referred to as a
model which Spain might do well to
follow in granting home rule to her Can-
bion colonists. The objection, however,
has been made and with some reason, it
is admitted, that a system which would
work admirably with her majesty's
subjects in Canada, might utterly fail
if applied to the Cubans.

That Spain has intimated that under
certain conditions she would not be
averse to granting a reasonable measure
of home rule to the Cubans, is beyond
question. She, however, insists that
nothing less than a disastrous defeat in
battle will cause the insurgents to heed
such propositions and it is regarded in
Madrid as useless to attempt any of the
reforms suggested until Weyler strikes
a decisive blow. This government,
however, does not fully agree with the
view of the case, and undoubtedly it is
making some progress in its contention
for peace on a basis alike reasonable
and honorable to the Cubans as well as
to Spain.

One of the principal motives which
has actuated this government in the
course it has taken in this matter is the
protection of the persons and property
of citizens of the United States now en-
gaged as tobacco and sugar planters in
Cuba. Although the planters generally
are said to sympathize with the Cuban
cause, information has reached this
government that as a rule they entertain
serious doubts of the ability of the
native Cubans, if wholly successful, to
maintain a stable and satisfactory gov-
ernment. What the planters most de-
sire is annexation to the United States,
but as the administration, as plainly
made evident, regards this as out of the
question, the planters next favor an
autonomous government under the ex-
ecutive supervision of Spain.

Should Spain consent to allow Cuba
to legislate as to her own internal
affairs, the United States, as stated by
Mr. Olney in his report to congress,
would consent to become responsible
to Spain for the faithful observance of
the conditions of the treaty between
the two countries. The idea of this
government is that this agreement

could be made a part of a new treaty
between the United States and Spain,
the necessity for which is admitted by
both governments. The last treaty was
made in 1795.

Senator Hale has received a letter
from Senator Hoar, who is absent from
the city, announcing his opposition to
the Cuban resolution and asking Sena-
tor Hale to pair him in any way that
will "defeat, delay or bring to confu-
sion" the resolutions reported from
the committee on foreign relations.

Senator Hale, who is expected to
lead the opposition to the Cuban resolu-
tions in the senate, is preparing for
the conflict which he expects to follow
the holiday recess. It is the general
understanding that the question will
be one of the first to be raised after the
reconvening of congress and it is looked
forward to as a battle royal. "The advo-
cates of the resolution," said the Maine
senator, "were at first inclined to claim
a two-thirds majority. I doubt whether
they feel so sanguine now and I am
sure they would not if they knew how
rapidly the conservative sentiment in
the senate is growing."

"I was sorry to see," the senator con-
tinued, "that I had been quoted as say-
ing, in a boastful manner, that we
should be able to defeat the resolution
on a vote. I would not want to claim
that result at the present time, but I
hope for it in the end. Indeed, I am
receiving assurances from influential
senators every day of sympathy with
the movement in opposition to the resolu-
tion, and I believe the sentiment in
the senate is rapidly veering that way.
Of course, there are meetings and resolu-
tions on the other side, but one can
gather men together in advocacy of any
cause and get signatures to almost any
kind of petitions. My contention is
that the business men and thinking men
of the country are opposed to any step
which is liable to plunge the country
into war. In my own state, for in-
stance, there is only one prominent
newspaper which advocates the course
advised by the senate committee on for-
eign relations.

"We have just gone through a cam-
paign in which we have promised
peace to the country. Is it consistent
to present the incoming administration
with a war on the threshold of its exis-
tence? True there is an undesirable
condition of affairs in Cuba, but I be-
lieve the remedy is exaggerated. At
any rate, it is true that however cruel
the conduct of the Spaniards, it finds
its counterpart in the behavior of the
Cubans. It is their way of fighting;
they are different from us. From
whatever standpoint the question is re-
garded there is no excuse in reason or
precedent for the United States to in-
terfere in this insurrection. I believe
the senate is rapidly coming to realize
this, and am therefore confident of suc-
cess in the end."

"It has been intimated," suggested
the reporter with whom Senator Hale
was talking, "that you will filibuster to
defeat the Cameron resolution in the
senate."

calculated in itself to set the lawyers
talking at one another, and there is no
telling how much time may be con-
sumed on this point. Hence I say that
even if the opponents of the resolution
desired delay—which they do not—
they would not have to resort to extran-
eous methods to secure it. It is, above
all, foreign from our intentions to at-
tempt to use the appropriation bills to
accomplish the postponement of the
Cuban question. We are willing that
this subject should be brought up
promptly and are content to use only
legitimate weapons in our warfare
against it."

MAD SENATORS FEARED.

They Might Defeat Arbitration Treaty
With England.

WASHINGTON, Dec. 24.—There is no
longer any doubt that the general arbi-
tration treaty between the United
States and Great Britain is practically
complete, to the satisfaction of both
governments, and that its presentation
to congress may be expected in the
near future. Several minor amend-
ments have been suggested and ac-
cepted from time to time during the
progress of the negotiations, but it is
now confidently believed that the clear
copy, which was forwarded to Lord
Salisbury by Sir Julian Pauncefote
about a week ago, will at once receive
the formal approval of the British
premier and be returned to Washington
in time to be presented to the senate for
ratification immediately on the reas-
sembling of congress after the holiday
recess, Jan. 5.

The treaty has already been outlined
in these dispatches.
Unlike the Venezuelan boundary ar-
rangementment this treaty must go to our
senate for ratification and the house of
representatives also will have an oppor-
tunity indirectly to pass judgment upon
it, for legislation will be necessary to
provide the means to maintain the com-
mission. The fate of the project in
congress can only be conjectured at
present. Some fear is expressed that
the issue made by Secretary Olney over
the Cuban question may somewhat
jeopardize this crowning piece of diplo-
macy by inciting criticism and the
display of ill feeling on the part of
some senators who feel that their pre-
rogatives have been invaded.

they may continue the work of repair-
ing the ships which threatened to be
interrupted by lack of funds.

his calling when he became a statesman.
His position toward A. H. Clark's claim,
in which he would have all negotiations
end and the city bear the expense of a
suit, is in line with his position on the
light question.

THE Democrats are spending much of
their time pointing to bank failures and
derisively saying something about the
effect on business of Mr. McKinley's
election, forgetting that these troubles
are simply the result of their own perni-
cious system, and their own destructive
laws are still in operation.

THE proprietor of the "Sobbing
Maiden" must be haunted by Huckle's
ghost. Poor fellow. He will never for-
give Huckle for that joke on the
"Jimmy," as the "Burglar's" tool. How
the great audience did roar at Huckle's
happy hit, the laughter being long con-
tinued and the hand clapping lasting for
minutes.

THE Christmas tide, the happiest
season of the year, is at hand. Don't
take life too seriously for a few days.
Forgive your enemy, honor your friend,
and remember that in every part of the
civilized world humanity is better be-
cause this time of gladness and rejoicing
has become a firmly founded festival.

THAT "INFAMY" QUESTION.
When the question of "infamy" is on
deck, as so flippantly voiced by the
modest and bashful (?) member of
council, boasting himself the champion
of everything good, pure honest and
right, (God save the mark) then does
the excellency of Messrs. Purinton, Hor-
well, Marshall, Kent, Challis, Peake and
Ashbaugh stand forth, by way of com-
parison, as doth the brilliant sun against
a darkened background. Oh! most
doughty, valiant and self constituted
champion of the city's rights, associated
with a journal which never was known,
in all its history, to advocate anything
good, pure and true, thou dost prate and
protest too much about thine integrity,
aid like unto the boaster of ancient
days, dost claim most of that of which
thou dost possess least. Selah.

A CORRESPONDENCE BY TELEPHONE WITH J. R. WARNER & CO., KING OF SHOE DEALERS.

SHOES! SHOES! SLIPPERS! SLIPPERS! Elegant Presents for Xmas.

CITIZEN: "Say, Warner, have you time to answer a few questions re-
specting the Shoe Trade? Hate to bother you in this busy season; but I
have a friend here from New York, engaged in writing up the condition of
the country, and he wants an answer as to the present condition of the
shoe trade"

WARNER: "All right old man. Must give you the news you desire in
a disconnected manner, between sales, and on the fly, as we are offering
such bargains that the inducements crowd my storeroom, and my large
force of clerks are kept on the jump. Excuse me a moment, here's a whole family on my hands. Must wait on
them, you know. See you again in a few minutes."

WARNER: "Here I am once more. Can't give you but a minute. Customers are crowding in. How's the
shoe trade, you say? Well, well, old man, if the rest of the shoe merchants in this blessed country are as busy as
we are, and if they love to hustle from away back, and glory in such a state of affairs, then indeed is Uncle Sam's
domain in the full tide of prosperity. You'll excuse me now, old fellow. More customers calling for me. Good
goods and low prices do the business. The people are good judges, and they have been packing my storeroom for
the past few days. Come and see me when you are in the city. Good bye."

And still the crowds keep rushing to Warner's. Good Goods and Low
Prices tell the story.

BRYAN'S ATLANTA VISIT.

He Lectured to About 3,000 and Was
Guest at a Breakfast.

ATLANTA, Dec. 24.—Mr. Bryan has
made his first appearance on the lecture
platform at the Grand Opera House.
The house, which seats 3,000 people,
was filled. Mr. Bryan was cheered
when he appeared on the stage. He
spoke for one hour on essential prin-
ciples of good citizenship, presenting his
remarks under the title of the "Ancient
Land Marks." At the end hundreds
crowded around to shake his hand.

Mr. Bryan referred to the silver ques-
tion only incidentally.
Mr. Bryan was given a breakfast.
Speeches were made by Governor At-
kinson in behalf of the state, by Mayor
Kings of the city and by Mr. Jack J.
Spaulding. To these addresses Mr.
Bryan responded briefly, concluding
the set program. Repeated calls were
made for ex-Secretary Hoke Smith, who
was present in response to a special in-
vitation. Mr. Smith in acknowledging
the calls spoke pleasantly of Mr. Bryan
personally, while reiterating the dis-
agreement between them on the finan-
cial issue.

TWO WOMEN'S LONG WALK.

They Worked Their Way From Spokane
to New York.

NEW YORK, Dec. 24.—Mrs. H. Estby
and her daughter Clara, 17 years old,
the transcontinental pedestrians, have
completed the journey from Spokane,
Wash., to this city. They left the west-
ern city on May 5 on a wagon with a
New York woman with them who could
cross the continent in less than seven months.
The conditions of the women were
that each of the women was to leave
town with only \$5 and earn their living
enroute. If any sickness befell either
the time consumed by it was to be sub-
tracted from the total time.

On the way across the continent they
worked at anything. They did house-
work, sewing and sold photographs of
themselves.

TONSILINE CURES SORE THROAT.

Read what a well-known Minister
writes about Tonsiline:

East Palestine, O., April 8, 1895.

The Tonsiline Co.:

I take pleasure in saying that we have
used Tonsiline in the family for ulcerated
sore throat, and it not only seemed to pre-
vent the attack from being so severe as
formerly, but cured the throat completely in
a very few days. When any one of us has
sore throat of any kind, the rush is for the
Tonsiline bottle, and that is the last of it.
It is certainly a most excellent remedy.

Yours very truly,

D. F. DICKSON.

TONSILINE SHOULD BE IN EVERY HOME.

Sore Mouth, Croup and Quinsy are quickly
cured by Tonsiline.

YET URGES AUTONOMY.

The Administration Continues
Its Course Regarding Cuba.

WILL IGNORE CONGRESS' ACTION.

Spain Willing to Grant Home Rule, but
Insists Only Disastrous Defeat Will
Bring the Rebels to Terms—Hoar Op-
poses Cameron Resolution.

WASHINGTON, Dec. 24.—Whatever
course congress may finally take with
respect to the Cameron resolution, the
insistent efforts of the present adminis-
tration at least, will continue to be ex-
erted in behalf of an autonomous gov-
ernment for the Cubans. During the
correspondence between this govern-
ment and Spain, the Canadian system
has repeatedly been referred to as a
model which Spain might do well to
follow in granting home rule to her Cu-
ban colonists. The objection, however,
has been made and with some reason, it
is admitted, that a system which would
work admirably with her majesty's
subjects in Canada, might utterly fail
if applied to the Cubans.

That Spain has intimated that under
certain conditions she would not be
averse to granting a reasonable measure
of home rule to the Cubans, is beyond
question. She, however, insists that
nothing less than a disastrous defeat in
battle will cause the insurgents to heed
such propositions and it is regarded in
Madrid as useless to attempt any of the
reforms suggested until Weyler strikes
a decisive blow. This government,
however, does not fully agree with that
view of the case, and undoubtedly it is
making some progress in its contention
for peace on a basis alike reasonable
and honorable to the Cubans as well as
to Spain.

One of the principal motives which
has actuated this government in the
course it has taken in this matter is the
protection of the persons and property
of citizens of the United States now en-
gaged as tobacco and sugar planters in
Cuba. Although the planters generally
are said to sympathize with the Cuban
cause, information has reached this
government that as a rule they enter-
tain serious doubts of the ability of the
native Cubans, if wholly successful, to
maintain a stable and satisfactory gov-
ernment. What the planters most de-
sire is annexation to the United States,
but as the administration, as plainly
made evident, regards this as out of the
question, the planters next favor an
autonomous government under the ex-
ecutive supervision of Spain.

Should Spain consent to allow Cuba
to legislate as to her own internal
affairs, the United States, as stated by
Mr. Olney in his report to congress,
would consent to become responsible
to Spain for the faithful observance of
the conditions of the treaty between the
two countries. The idea of this
government is that this agreement

could be made a part of a new treaty
between the United States and Spain,
the necessity for which is admitted by
both governments. The last treaty was
made in 1765.

Senator Hale has received a letter
from Senator Hoar, who is absent from
the city, announcing his opposition to
the Cuban resolutions and asking Sena-
tor Hale to pair him in any way that
will "defeat, delay or bring to confu-
sion" the resolutions reported from
the committee on foreign relations.

Senator Hale, who is expected to
lead the opposition to the Cuban resolu-
tions in the senate, is preparing for
the conflict which he expects to follow
the holiday recess. It is the general
understanding that the question will
be one of the first to be raised after the
reconvening of congress and it is looked
forward to as a battle royal. "The advo-
cates of the resolution," said the Maine
senator, "were at first inclined to claim
a two-thirds majority. I doubt whether
they feel so sanguine now and I am
sure they would not if they knew how
rapidly the conservative sentiment in
the senate is growing."

"I was sorry to see," the senator con-
tinued, "that I had been quoted as say-
ing, in a boastful manner, that we
should be able to defeat the resolution
on a vote. I would not want to claim
that result at the present time, but I
hope for it in the end. Indeed, I am
receiving assurances from influential
senators every day of sympathy with
the movement in opposition to the resolu-
tion, and I believe the sentiment in
the country is rapidly veering that way.
Of course, there are meetings and resolu-
tions on the other side, but one can
gather men together in advocacy of any
cause and get signatures to almost any
kind of petitions. My contention is
that the business men and thinking men
of the country are opposed to any step
which is liable to plunge the country
into war. In my own state, for in-
stance, there is only one prominent
newspaper which advocates the course
advised by the senate committee on for-
eign relations."

"We have just gone through a cam-
paign in which we have promised
peace to the country. Is it consistent
to present the incoming administration
with a war on the threshold of its ex-
istence? True there is an undesirable
condition of affairs in Cuba, but I be-
lieve the reports are exaggerated. At
any rate, it is true that however cruel
the conduct of the Spaniards, it finds
its counterpart in the behavior of the
Cubans. It is their way of fighting;
they are different from us. From
whatever standpoint the question is re-
garded there is no excuse in reason or
precedent for the United States to in-
terfere in this insurrection. I believe
the senate is rapidly coming to realize
this, and am therefore confident of suc-
cess in the end."

"It has been intimated," suggested
the reporter with whom Senator Hale
was talking, "that you will filibuster
to defeat the Cameron resolution in the
senate."

"No truth whatever in that," he re-
sponded. "It will not be necessary
that we should do so. The question
raised by the committee is one of vast
magnitude and it will excite much de-
bate. The question of the respective
privileges of the executive and legisla-
tive branches of the government, which
Mr. Olney's letter has raised, is

calculated in itself to set the lawyers
talking at one another, and there is no
telling how much time may be con-
sumed on this point. Hence I say that
even if the opponents of the resolution
desired delay—which they do not—
they would not have to resort to extrane-
ous methods to secure it. It is, above
all, foreign from our intentions to at-
tempt to use the appropriation bills to
accomplish the postponement of the
Cuban question. We are willing that
this subject should be brought up
promptly and are content to use only
legitimate weapons in our warfare
against it."

MAD SENATORS FEARED.

They Might Defeat Arbitration Treaty
With England.

WASHINGTON, Dec. 24.—There is no
longer any doubt that the general arbi-
tration treaty between the United
States and Great Britain is practically
complete, and that its presentation
to congress may be expected in the
near future. Several minor amend-
ments have been suggested and ac-
cepted from time to time during the
progress of the negotiations, but it is
now confidently believed that the clear
copy, which was forwarded to Lord
Salisbury by Sir Julian Pannecote
about a week ago, will at once receive
the formal approval of the British
premier and be returned to Washington
in time to be presented to the senate for
ratification immediately on the reas-
sembling of congress after the holiday
recess, Jan. 5.

The treaty has already been outlined
in these dispatches.
Unlike the Venezuelan boundary ar-
rangement this treaty must go to our
senate for ratification and the house of
representatives also will have an oppor-
tunity indirectly to pass judgment upon
it, for legislation will be necessary to
provide the means to maintain the com-
mission. The fate of the project in
congress can only be conjectured at
present. Some fear is expressed that
the issue made by Secretary Olney over
the Cuban question may somewhat
jeopardize this crowning piece of diplo-
macy by inciting criticism and the
display of ill feeling on the part of
some senators who feel that their pre-
rogatives have been invaded.

BANDITS IN BLUE CUT.

The Famous Spot Scene of a Fourth Holdup.

A C. & A. FAST TRAIN ROBBED.

The Engine and Express Car Cut Off From the Rest of the Train and Hurled Away—Fate of the Express Messenger in Doubt.

KANSAS CITY, Dec. 24.—Blue Cut, made historic through the operations there of the James and Younger bands, when they were pioneers in the train robbing industry, has been the scene of its fourth holdup by road agents.

The St. Louis and Chicago express, which left Kansas City at 8:45 last night was flagged at Blue Cut and came to a standstill. Masked men immediately covered the engineer and fireman and compelled them to get down from their cab. At the same time another member of the bandit gang uncoupled the express car from the rest of the train.

The robbers quickly climbed aboard the locomotive and express car, and before the surprised trainmen had had time to collect their wits the bandits were speeding down the steep grade beyond Blue Cut with the engine and express coach, and Express Messenger A. J. Frier of St. Louis was a prisoner in the car.

No word has been received here of the train or robbers. From Independence to Glendale, the next station beyond, it is six miles, and the supposition is that the robbers have looted the car and left the train somewhere in the woods between the two stations. The fate of Express Messenger Frier caused considerable anxiety.

Kansas City officials of the United States Express company state that the train carried very little cash, but that the car was filled with an enormous amount of miscellaneous express of great value. Christmas boxes made up a considerable amount of the treasure. Express Messenger Frier, all the officials will say, is that he is heavily armed and "dead game," but they admit that the chances are against him.

When the robbery became known at Independence a posse of county officials set out for the scene of the holdup, and Marshal Keshlar sent out a force of officers from Kansas City.

The hurried manufacture of a large quantity of cartridges has been ordered at Brescia, and four cruisers have been ordered from the Ansaldo yards in Genoa.

A dispatch from Madrid to The Standard says: "Captain General Weyler's advance in Pinar del Rio is the first stage in a policy concerted between him and the Spanish government for a vigorous movement with 30,000 men in ten columns to clear the province of Pinar del Rio of the rebels, who will be obliged to submit or to fly to the province of Havana. THE RACE WAR ENDED.

Whites and Blacks Arranged Peace at Mayfield, Ky.

POLICEMAN PATROLING THE CITY.

Three Colored Men Were Killed by the White Citizens Before an Agreement Was Reached—The Trouble Threatened to Spread Over Western Kentucky.

PADUCAH, Ky., Dec. 24.—The Mayfield race war is at an end. Everything is quiet. A massmeeting of both white and colored people came to an understanding that peace should reign. Mayfield is quiet. Thirty deputized policemen are patrolling the city. There is nothing to be alarmed about in the vicinity of Paducah.

The desperate state of affairs which prevailed before the massmeeting is shown in this dispatch:

MAYFIELD, Ky., Dec. 24.—Reports of negroes organizing to take indiscriminate vengeance on the whites for the killing of Jim Stone by whitecappers are causing alarm. While the reports in many cases are somewhat vague, belief that they have some real foundation is shown by the fact that before Stone was killed he and other negroes were unusually insolent toward the white people, that they went armed and omitted no occasion to provoke quarrels with unarmed whites. It was Jim Stone's conspicuous leadership in this sort of behavior that caused his taking off by mob violence. Mayfield has been, as it were, in a state of siege for two days. Everybody is armed. Guards watch all the roads and inspect all trains.

Wednesday Jim Snet, colored, was killed at the depot because he would not halt when challenged. Sunday Henry Finley, a negro, was killed by masked men, and Monday night Jim Stone met the same fate. All were desperadoes, except possibly Snet. The houses of the negroes that have been burned were resorts of the lowest order and places of rendezvous for the vilest of the vile to plot mischief. The whites' patience having been exhausted, have determined to rid the community of these pests.

From reports it seems likely that this race war will become general in Western Kentucky. There are indications of danger in Groves and Marshall counties. The whites are well prepared in all this region. This fact and the incapacity of negroes to organize may prevent a serious outbreak.

CORN FOR STARVING INDIA.

A Methodist Society Wants Contributions to Send a Shipload.

NEW YORK, Dec. 24.—At a meeting of the board of managers of the missionary society of the Methodist Episcopal church a proposition was presented from the Rev. R. G. Hobbs of Jacksonville, Ills., suggesting that a shipload of corn could be readily raised in that state for the relief of starving people in India, and desired the board of managers to take measures for carrying out the plan. The board of managers adopted the following minutes: "That the plan proposed by Rev. R. G. Hobbs, one of our Methodist ministers in Jacksonville, Ills., be approved, and that the secretaries be authorized to take the necessary measure to secure the corn and the means by special contributions from the general public for its transportation to India."

All who are disposed to aid in this undertaking may send contributions to the Rev. Dr. A. B. Leonard, corresponding secretary of the Missionary Society of the Methodist Episcopal Church, at 150 Fifth avenue, New York.

A MILLIONAIRE'S LONG SECRET.

Left a Fortune to an Unknown Son at Springfield.

SPRINGFIELD, O., Dec. 24.—The will of John Snyder has been probated. He gave \$100,000 in United States bonds for the sick poor of this city, \$500 to each of his five servants, \$25,000 to Charles Brumman and heirs, \$5,000 each to his nephews. The residue, about \$800,000, goes to his brother, D. L. Snyder.

The will of the millionaire bachelor reveals the fact that the deceased left a son, Charles Brumman by name. The latter is 52 years of age and has always led a more or less dissipated life. Snyder, in his will, leaves Brumman \$25,000 in United States bonds, the interest of which he is to have for 11 years. Ex-Mayor Johnson is appointed trustee of the fund. If at the end of the 11 years the son saves one-fourth of his total income for the period, then the whole \$25,000 is to be turned over to him. It is also provided that he must pay his debts in order to ultimately get the amount in full.

John Snyder has made many gifts to the city, his latest being \$100,000 in government bonds to the sick poor of the city. The son's mother was a neighbor to the Snyders. She and John fell in love and arranged to get married, when Snyder's parents objected and the union was never consummated. A son was born, however, in whom the father always took the greatest interest.

It is said that if the son had been at all temperate he would have inherited \$1,000,000.

BIG DEAL AT COLUMBUS.

New York Capitalists Buy a Natural Gas Line.

COLUMBUS, Dec. 24.—The Central Ohio Natural Gas and Fuel company has been sold to New York capitalists at \$82.50 per share. Emerson McMillan made the purchase for them. The capital stock is \$1,300,000. The highest ever paid here for stock was \$77.

The syndicate has control, of course, but has not bought all of the stock. It will take all it can get. The sale is for cash and will bring about \$1,000,000 to Columbus and leave \$700,000 in New York. The sale of stock is to be made to John I. Waterbury, president of the Manhattan Trust company, and the Deshler National bank of this city. The old officers are to be retired. The largest holders have signed the option to sell. The company supplies 25,000 domestic fires, which means five fires to one contract. John G. Deshler was the president of the company.

Emerson McMillan is very prominent in artificial gas in the east, Columbus and St. Louis.

BANDITS IN BLUE CUT.

The Famous Spot Scene of a Fourth Holdup.

A C. & A. FAST TRAIN ROBBED.

The Engine and Express Car Cut Off From the Rest of the Train and Hurried Away—Fate of the Express Messenger in Doubt.

KANSAS CITY, Dec. 24.—Blue Cut, made historic through the operations there of the James and Younger bands, when they were pioneers in the train robbing industry, has been the scene of its fourth holdup by road agents.

The St. Louis and Chicago express, which left Kansas City at 8:45 last night was flagged at Blue Cut and came to a standstill. Masked men immediately covered the engineer and fireman and compelled them to get down from their cab. At the same time another member of the bandit gang uncoupled the express car from the rest of the train.

The robbers quickly climbed aboard the locomotive and express car, and before the surprised trainmen had had time to collect their wits the bandits were speeding down the steep grade beyond Blue Cut with the engine and express coach, and Express Messenger A. J. Frier of St. Louis was a prisoner in the car.

No word has been received here of the train or robbers. From Independence to Glendale, the next station beyond, it is six miles, and the supposition is that the robbers have looted the car and left the train somewhere in the woods between the two stations. The fate of Express Messenger Frier caused considerable anxiety.

Kansas City officials of the United States Express company state that the train carried very little cash, but that the car was filled with an enormous amount of miscellaneous express of great value. Christmas boxes made up a considerable amount of the treasure. Express Messenger Frier, all the officials will say, is that he is heavily armed and "dead game," but they admit that the chances are against him.

When the robbery became known at Independence a posse of county officials set out for the scene of the holdup, and Marshal Keshlar sent out a force of officers from Kansas City.

THE RACE WAR ENDED.

Whites and Blacks Arranged Peace at Mayfield, Ky.

POLICEMAN PATROLLING THE CITY.

Three Colored Men Were Killed by the White Citizens Before an Agreement Was Reached—The Trouble Threatened to Spread Over Western Kentucky.

PADUCAH, Ky., Dec. 24.—The Mayfield race war is at an end. Everything is quiet. A mass meeting of both white and colored people came to an understanding that peace should reign. Mayfield is quiet. Thirty deputized policemen are patrolling the city. There is nothing to be alarmed about in the vicinity of Paducah.

The desperate state of affairs which prevailed before the mass meeting is shown in this dispatch:

MAYFIELD, Ky., Dec. 24.—Reports of negroes organizing to take indiscriminate vengeance on the whites for the killing of Jim Stone by whitecappers are causing alarm. While the reports in many cases are somewhat vague, belief that they have some real foundation is shown by the fact that before Stone was killed he and other negroes were unusually insolent toward the white people, that they went armed and omitted no occasion to provoke quarrels with unarmed whites. It was Jim Stone's conspicuous leadership in this sort of behavior that caused his being off by mob violence. Mayfield has been, as it were, in a state of siege for two days. Everybody is armed. Guards watch all the roads and inspect all trains.

Wednesday Jim Snet, colored, was killed at the depot because he would not halt when challenged. Sunday Henry Finley, a negro, was killed by masked men, and Monday night Jim Stone met the same fate. All were desperadoes, except possibly Snet. The houses of the negroes that have been burned were resorts of the lowest order and places of rendezvous for the vilest of the vile to plot mischief. The whites' patience having been exhausted, have determined to rid the community of these pests.

From reports it seems likely that this race war will become general in Western Kentucky. There are indications of danger in Groves and Marshall counties. The whites are well prepared in all this region. This fact and the incapacity of negroes to organize may prevent a serious outbreak.

A MILLIONAIRE'S LONG SECRET.

Left a Fortune to an Unknown Son at Springfield.

SPRINGFIELD, O., Dec. 24.—The will of John Snyder has been probated. He gave \$100,000 in United States bonds for the sick poor of this city, \$500 to each of his five servants, \$25,000 to Charles Brunsman and heirs, \$5,000 each to his nephews. The residue, about \$80,000, goes to his brother, D. L. Snyder.

The will of the millionaire bachelor reveals the fact that the deceased left a son, Charles Brunsman by name. The latter is 52 years of age and has always led a more or less dissipated life. Snyder, in his will, leaves Brunsman \$25,000 in United States bonds, the interest of which he is to have for 11 years. Ex-Mayor Johnson is appointed trustee of the fund. If at the end of the 11 years the son saves one-fourth of his total income for the period then the whole \$25,000 is to be turned over to him. It is also provided that he must pay his debts in order to ultimately get the amount in full.

John Snyder has made many gifts to the city, his latest being \$100,000 in government bonds to the sick poor of the city. The son's mother was a neighbor to the Snyders. She and John fell in love and arranged to get married, when Snyder's parents objected and the union was never consummated. A son was born, however, in whom the father always took the greatest interest.

It is said that if the son had been at all temperate he would have inherited \$1,000,000.

BIG DEAL AT COLUMBUS.

New York Capitalists Buy a Natural Gas Line.

COLUMBUS, Dec. 24.—The Central Ohio Natural Gas and Fuel company has been sold to New York capitalists at \$82.50 per share. Emerson McMillan made the purchase for them. The capital stock is \$1,000,000. The highest ever paid here for stock was \$77.

The syndicate has control, of course, but has not bought all of the stock. It will take all it can get. The sale is for cash and will bring about \$1,000,000 to Columbus and leave \$700,000 in New York. The sale of stock is to be made to John I. Waterbury, president of the Manhattan Trust company, and the Deshler National bank of this city. The old officers are to be retired. The largest holders have signed the option to sell. The company supplies 25,000 domestic fires, which means five fires to one contract. John G. Deshler was the president of the company.

Emerson McMillan is very prominent in artificial gas in the east, Columbus and St. Louis.

AN OLD COUPLE ROBBED.

Four Masked Men Entered Their Home Near Conneaut.

CONNEAUT, O., Dec. 24.—Four masked men entered the residence of Mr. and Mrs. George Tweedy, an aged couple residing three miles south of this city, and after binding and gagging the old people, ransacked the house for hidden money.

They secured \$14 in cash, belonging to the church, and a gold watch, which latter they brought back after leaving the house and made Mrs. Tweedy a Christmas present of it. The robbers escaped. An armed posse is searching the surrounding country for them.

A Requisition For O. N. G.

COLUMBUS, Dec. 24.—Adjutant General Axline has made a large requisition upon the secretary of war for equipment, which will put the O. N. G. in pretty good shape. The order is for 2,600 blanket bags, 1,000 haversacks, 2,500 canteens, 500 cartridge boxes, 500 waist belts and plates, 75 sets horse equipments, 50 gun stocks, 1,600 paper targets, 5,000 friction primers, 100,000 rounds ball cartridges, 2,650 pairs canvas leggings and 6,000 meat cans.

Trouble Over Electric Light Plant.

HAMILTON, O., Dec. 24.—The electric light plant is giving the taxpayers much concern at the present time. It is not

a paying institution, hence the taxpayers are not slow in speaking out against the issuing of bonds to the extent of \$15,000 with which to operate the losing enterprise. Many are of the opinion that the plant has cost the city enough already and that it would show business sense to close it down entirely, at least for a while.

Tramp Confessed to a Murder.

MANCHESTER, O., Dec. 24.—While in a drunken stupor a tramp named Huron Sobers, confessed that he murdered Brakenman Nelson Schlager, who was killed at Gallon, O., Dec. 10, while trying to eject a band of tramps from a freight car. Sobers was arrested and placed in jail. A reward of \$1,000 has been offered for the arrest of the murderer.

Hurt by Dynamite.

WAVERLY, O., Dec. 24.—A boy named Sullivan, while coming from church, near Pleasant Hill, threw a lighted dynamite cartridge in front of his companions to frighten them. The cartridge having gone off, as he supposed, he picked it up, when it exploded, tearing his fingers off and almost paralyzing his legs.

EACH BORE A NAME

Beautiful China Cups and Saucers.

REMEMBERED BY THE REBEKAHS

The Orphans of the Odd Fellows Home Will Have Just Cause to Remember Their Gift From East Liverpool—A Novelty In Presents.

The Rebekahs this morning sent a box to Springfield, and in it was the most novel present ever shipped from the city.

At Springfield is located the home of the Odd Fellows and auxiliary societies, and a large number of orphans are there being cared for. The Rebekahs have been especially interested in the little ones, and some time ago decided to send them a Christmas present of the most approved order. They gave the subject much careful thought, and at length decided that a cup and saucer for each child at the home would be something they could appreciate. A list of the names was secured and handed over to the directors of a well known pottery, and the result was sent to the home today. It consisted of a beautiful china cup and saucer for each child, the name of the owner being placed on the cup in very pretty letters. In addition they sent a sum of money to be used in purchasing other articles to make their Christmas gift complete.

Yes, ye who love the good things of life, and intend to have a feast on the glorious Christmas time, mark it down, in mind and memory, that FRANK E. CHRISTMAS SERVICES.

The Churches Will Generally Observe the Day.

All the churches in town will observe Christmas, and the entertainments prepared for the Sunday schools promise much enjoyment. Trees and treats are the general order. The only church to observe Christmas evening will be the Evangelical. The entertainment of the Sunday school will be conducted tonight.

"Santa Claus and Mother Goose" was the cantata given by the Christian church at city hall last evening. Mrs. O. S. Forner had charge of the entertainment, and announced an anthem by the choir. It was followed by prayer by Reverend Bowers, and a solo by Miss Gracia Strong. An amusing scene between two youngsters was heartily applauded, as was a recitation by Mrs. Smith. John T. Perkins, as Father Gander, sang very well, and was followed by Miss Strong in the role of Mother Goose. They disputed over the merits of their children, and it was decided to settle the controversy for all time. It was done by one of the best musical programs ever rendered by young people in Wellsville.

A DRUNKEN BARBER.

He Had Absorbed Too Much Liverpool Tanglefoot.

A Main street barber is said to have imbibed too freely of Liverpool tanglefoot the other night, and took the last car for Wellsville. When on the switch at Walker he became so noisy his friends took him out for an airing, and endeavored to quiet him. Instead he became very angry, and drawing a revolver began to shoot. Fortunately no one was hurt, but the bullets went uncomfortably close to some of his friends.

N. B. of O. Potters,

December 23, 24, 25, 26, 28, 29.

YOU ARE INVITED.

When a young couple runs away to get married half the world says: "How Romantic!" the other half says: "How silly!" But you can't tell either way until the "honey-moon" is over. When this young couple get settled down to the regular hum-drum of life, they'll manage all right and find solid happiness in any case, if they have good hearts and sound health. All depends on that.

It's wonderful how much health has to do with married happiness. Sickness affects the temper. You can't be happy nor make others happy if you're ailing. When you find yourself irritable, easily worried, beginning to "run-down" it's because your blood is getting poor. You need richer blood and more of it. Your blood-making organs need to be vitalized by Dr. Pierce's Golden Medical Discovery.

It imparts new power to produce an abundance of the healthy, red corpuscles, and gives you a fresh supply of pure, rich blood. It's a blood-creator; it is for everyone whose blood is impure or in a poor, "run-down" condition. It prevents the germs of disease from getting a hold on your system. Even after disease is settled on you, it is driven out by the blood-creating properties of the "Discovery." It is a perfect cure for general and nervous debility, catarrh, malaria, eczema, erysipelas, scrofula, and every form of blood-disease. It isn't called a consumption-cure but even consumption, which has its roots in the blood—is driven out by the "Golden Medical Discovery" if taken in time.

The "Discovery" is the prescription of one of the most eminent physicians and medical writers in this country.

JUDGE FOR YOURSELF

Which is Better, Try an Experiment or Profit by an East Liverpool Citizen's Experience.

Something new is an experiment. Must be proven to be as represented. Be successful at home or you doubt it. The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is. Now, supposing you had a bad back, A Lame, Weak or Aching one. Would you experiment on it?

You will read of many so-called cures. But they come from far away places. It's different when the endorsement comes from home.

Easy to prove that it is so.

Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case:

Mr. Samuel Mayer, No. 183 Bank St., who is an employee of the M. Nicholls Pottery, says: "My health was fairly good until two years ago, when my kidneys commenced to trouble me, causing my back to ache a good part of the time and to get sore and lame across the kidneys. The pain was often sharp and penetrating, especially when stooping or sitting, and it was impossible to get rid of the trouble until I used Doan's Kidney Pills. I got a box of them at the W. & G. Pharmacy, and tried them. They gave me ease after taking a few doses. When I had taken one box the soreness and pains in the back and other symptoms of kidney disease passed away, and I have not been troubled since. My experience with Doan's Kidney Pills convinces me they do all that they claim, and I can endorse them as such. I know of others using them, and they can speak as highly of them as I can."

Doan's Kidney Pills are sold for 30 cents per box, six boxes for \$2.50, by all dealers, or sent by mail on receipt of price. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Elabert White, residing at Titusville, Pa., will take notice that on the 10th day of December, A. Said cause will be for hearing on and after Jan. 23, 1897.

EACH BORE A NAME

Beautiful China Cups and Saucers.

REMEMBERED BY THE REBEKAHS

The Orphans of the Odd Fellows Home Will Have Just Cause to Remember Their Gift From East Liverpool—A Novelty In Presents.

The Rebekahs this morning sent a box to Springfield, and in it was the most novel present ever shipped from the city.

At Springfield is located the home of the Odd Fellows and auxiliary societies, and a large number of orphans are there being cared for. The Rebekahs have been especially interested in the little ones, and some time ago decided to send them a Christmas present of the most approved order. They gave the subject much careful thought, and at length decided that a cup and saucer for each child at the home would be something they could appreciate. A list of the names was secured and handed over to the directors of a well known pottery, and the result was sent to the home today. It consisted of a beautiful china cup and saucer for each child, the name of the owner being placed on the cup in very pretty letters. In addition they sent a sum of money to be used in purchasing other articles to make their Christmas gift complete.

AT FRANK E. OYSTER'S.

Everything Worth Mentioning For the Table.

Yes, ye who love the good things of life, and intend to have a feast on the glorious Christmas time, mark it down, in mind and memory, that FRANK E. OYSTER is a second edition of old Kris Kingle, as he has secured the finest line of goods in his specialties ever brought to East Liverpool. Note a few of them:

Cucumbers, tomatoes, asparagus, lettuce, radishes, green onions, parsley, water cress, endive, luscious grapes, different varieties; celery, bananas, cabbage, Jersey sweet potatoes, cranberries, walnuts, hickory nuts, candies, and in fact everything eatable that heart can wish or stomach crave for.

Talk about the trouble in Turkey. Oyster has taken special pains to capture Turkey, and he has from 150 to 200 of the finest birds ever grown, sure to make you smile with delight when you take part in knockin' the stuffin' out of 'em. And Frank has the plumpest ducks and chickens to be found in East Liverpool.

Best of all—the prices are reasonable. Leave your orders, and the Christmas presents will be hauled to your homes. FRANK E. OYSTER, Grocer for the People.

CHRISTMAS SERVICES.

The Churches Will Generally Observe the Day.

All the churches in town will observe Christmas, and the entertainments prepared for the Sunday schools promise much enjoyment. Trees and treats are the general order. The only church to observe Christmas evening will be the Evangelical. The entertainment of the Sunday school will be conducted to-night.

"Santa Claus and Mother Goose" was the cantata given by the Christian church at city hall last evening. Mrs. O. S. Forner had charge of the entertainment, and announced an anthem by the choir. It was followed by prayer by Reverend Bowers, and a solo by Miss Gracia Strong. An amusing scene between two youngsters was heartily applauded, as was a recitation by Mrs. Smith. John T. Perkins, as Father Gander, sang very well, and was followed by Miss Strong in the role of Mother Goose. They disputed over the merits of their children, and it was decided to settle the controversy for all time. It was done by one of the best musical programs ever rendered by young people in Wellsville.

A DRUNKEN BARBER.

He Had Absorbed Too Much Liverpool Tanglefoot.

A Main street barber is said to have imbibed too freely of Liverpool tanglefoot the other night, and took the last car for Wellsville. When on the switch at Walker he became so noisy his friends took him out for an airing, and endeavored to quiet him. Instead he became very angry, and drawing a revolver began to shoot. Fortunately no one was hurt, but the bullets went uncomfortably close to some of his friends.

YOU ARE INVITED.

When a young couple runs away to get married half the world says: "How Romantic!" The other half says: "How silly!" But you can't tell either way until the "honey-moon" is over. When this young couple get settled down to the regular hum-drum of life, they'll manage all right and find solid happiness in any case, if they have good hearts and sound health. All depends on that.

It's wonderful how much health has to do with married happiness. Sickness affects the temper. You can't be happy nor make others happy if you're ailing. When you find yourself irritable, easily worried, beginning to "run-down" it's because your blood is getting poor. You need richer blood and more of it. Your blood-making organs need to be vitalized by Dr. Pierce's Golden Medical Discovery. It imparts new power to produce an abundance of the healthy, red corpuscles, and gives you a fresh supply of pure, rich blood. It's a blood-creator; it is for everyone whose blood is impure or in a poor, "run-down" condition. It prevents the germs of disease from getting a hold on your system. Even after disease is settled on you, it is driven out by the blood-creating properties of the "Discovery." It is a perfect cure for general and nervous debility, catarrh, malaria, eczema, erysipelas, scrofula and every form of blood-disease. It isn't called a consumption-cure but even consumption, which has its roots in the blood—is driven out by the "Golden Medical Discovery" if taken in time. The "Discovery" is the prescription of one of the most eminent physicians and medical writers in this country.

JUDGE FOR YOURSELF

Which is Better, Try an Experiment or Profit by an East Liverpool Citizen's Experience.

Something new is an experiment. Must be proven to be as represented. Be successful at home or you doubt it. The statement of a manufacturer is not convincing proof of merit.

But the indorsement of friends is. Now, supposing you had a bad back, A Lame, Weak or Aching one. Would you experiment on it? You will read of many so-called cures. But they come from far away places. It's different when the indorsement comes from home.

Easy to prove that it is so. Home indorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case:

Mr. Samuel Mayer, No. 183 Bank St., who is an employee of the M. Nicholls Pottery, says: "My health was fairly good until two years ago, when my kidneys commenced to trouble me, causing my back to ache a good part of the time and to get sore and lame across the kidneys. The pain was often sharp and penetrating, especially when stooping or lifting, and it was impossible to get rid of the trouble until I used Doan's Kidney Pills. I got a box of them at the W. & W. Pharmacy, and tried them. They gave me ease after taking a few doses. When I had taken one box the soreness and pains in the back and other symptoms of kidney disease passed away, and I have not been troubled since. My experience with Doan's Kidney Pills convinces me they do all that they claim, and I can indorse them as such. I know of others using them, and they can speak as highly of them as I can."

Doan's Kidney Pills are sold for 50 cents per box, six boxes for \$2.50, by all dealers, or sent by mail on receipt of price. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
